Please can you give me some information. We received a copy of your letter to the operator on June 3, 2016. I spoke with you regarding this issue, but haven't had a follow up. The BLM apparently are holding a bond in the amount of \$250,000. Please can you let me how much of this bond is held for reclamation? Thanks.

This bond is being held for compliance with lease terms and conditions. right now there is no further reclamation requirements other than the \$6.4? million dollar reclamation bond held by DOGM for this operation.

Per Leslie's email dated 6/9/2016, she had asked about the \$250,000, but also if we can release the CD in the amount of \$49,100? Just for my clarification, can we release the CD? We want to get this stamped and out the door. Thank you.

As far as I know the \$49,100 CD was for reclamation of the facilities on private land. The facilities are now covered
